

Marty Finestone

Marty Finestone is a husband, father, lawyer, legal designer, and friend to all animals. He is the founder of Legal Adjacency, a legal service provider that helps legal departments simplify their legal documents and legal operations.

Marty has served on local community boards, including the Canadian Clay and Glass Gallery and the Creative Enterprise Initiative. He also volunteered as a legal advisor to Sustainable Waterloo Region.

It was Marty's daughter's love for the Humane Society that inspired him to join Board. She's attended Humane Society camps, had a Humane Society Zoom birthday party, and raised funds for the organization through several lemonade and animal balloon stands.
