

Nathan Riedel

Nathan enjoys strategic planning and creating efficiencies for his projects. Nathan received his MBA specializing in strategic management from Wilfrid Laurier University in 202`, which he credits for his ability to see his projects more holistically and better understand their contributions to the company as a whole. Nathan comes from a background of mechanical engineering with an aptitude for problem solving and critical thinking. He enjoys applying these complex skills to the betterment of his community.

A proud resident of Waterloo region, Nathan enjoys spending his free time rock climbing, camping, and completing projects around his home. His love of nature and the outdoors extends to his love of animals, always having a trusty companion by his side. Nathan is proud of the opportunity to serve on The Humane Society of Kitchener Waterloo & Stratford Perth board, marrying his love of animals and passion for strategy.
