

BRING THEM HOME

Pet Reunification Information & Services

A missing pet is an owner's greatest fear. With the help of our communities, we are committed to keeping people and pets together.

Have your pet
microchipped today!

The Humane Society of
& Kitchener Waterloo
& Stratford Perth

Who can get microchipped?

It's safe for cats,
dogs, and other pets
- like rabbits! -
to be microchipped.

Why microchip?

Only 2% of missing cats are reunited with their owners

A microchipped cat is 20 times more likely to be reunited with their owner

Only 15-20% of lost dogs are reunited with their owner

A microchipped dog is twice as likely to be reunited with their owner

Only 33% of pets who have ID tags wear them all of the time

Microchipping is quick, painless and done without the need for anesthetic
